VT700 Lightweight Headworn

VT700 Lightweight Headworn

Designed to fit any head contour and to free performers to focus on their performance! Ideal for event production, public speaking, theatre and broadcast studio operations.

The VT700 headworn is lightweight, the flexible gooseneck enables the user to position the microphone for optimum sound and gain before feedback and is very comfortable and unobtrusive. A perspiration drip ring on the gooseneck ensures the microphone capsule stays dry at all times. The cable runs neatly behind the neck for maximum concealment. The headband is highly resistant to corrosion and is easy to clean.

The VT700 exhibits an extended frequency response and an omni-directional polar pattern for outstanding clarity and natural sound with no proximity build-up.

VT700 Specifications:

Generating Element:	Electret Condenser
Polar Pattern:	Omni-Directional
Frequency Range:	50Hz- 18 kHz
Sensitivity (@ 1kHz):	-33dB re 1V/Pascal (22mV/Pa)
Noise Level:	27dB "A" weighted
Max. Input SPL:	115dB
Impedance:	2.8 to 6.8 kOhms, nominal 4.4 kOhms
Bias/+VDC:	1.5V to 9.0V (max.)
Dynamic Range:	88dB
Signal Noise Ratio:	67dB @94dB SPL
Color:	black or beige
Cable:	Length 1.5m Ø 2mm
Weight:	17g (without cable/connector)

Wiring Configuration (3-wire):

red:	" + "
transparent:	signal
copper:	ground
red + transparent:	signal +VDC
copper:	ground

Wiring Configuration (2-wire)

Frequency Response:
